

Minutes of the NSCNA
4/28/1992

A meeting of the North Shoal Creek Neighborhood Association was held at the North Village Branch Library on April 28, 1992. Tomas Rodriguez was presiding as President.

The meeting was informal, and discussions were concerned with two major topics:

Cleanup of the neighborhood creeks
Personal safety and security.

Frank Houston was introduced as a division manager of the City of Austin, responsible for erosion and vegetation control . Slides were shown to display the status of the Shoal Creek, north of Steck. To date this year all city projects have occurred south of the NSC area.

Concern was expressed regarding the exposed gas line over Shoal Creek at Steck. Mr Houston agreed to have the City of Austin contact Southern Union Gas, who own the pipe line. In addition Mr Houston agreed to have the city perform cleanup on the creek.

Tom Ney volunteered to be the single point of contact between the Neighborhood Association and the City regarding the cleanup and maintenance issues.

Julie Blankenship was presented as the next speaker. Julie represents a local martial arts school, and reviewed the basics of self defense and how to buy and use a mace defense tool.

Respectfully,

Lynda C. Oakes
Secretary
NSCNA
